When watching TV and movie stars express their love with a beautiful kiss scene this question always comes up

Can kisses really be as sweet and sensual as it is portrayed in fiction? At the same time everything lovers do together is probably sweet and fun

Let us together fall into the story of two lovers whose love really is that heart-thumping~!

What if one day a stranger
suddenly kissed you like in
a movie?
And furthermore, that person was
handsome like a movie star?

A heavy eater and simple minded,
A slow witted girl with no sense at all.
However, she is the area's best fighter,
Kang Da'Yeon

When she saves a person
on the brink of death
he shows his gratitude with
a sweet and sensual kiss
The weird transfer student
Kang Uh yuk (Oh yuk?)

An exciting story of
taming and being tamed!
